- How to communicate with us; and
- How complaints are dealt with.

It is an important document which will help you decide if you want to use the services being offered. You should read and understand this document before accepting any of the services offered. If you require additional information or clarification of any issues, then please ask us. Please refer to the contact details page for information on how to contact us.

You are encouraged to ask your Financial Adviser about the services being offered, the costs involved and any other information included in this FSG.

When your Financial Adviser provides you with financial planning services you may also receive:

- A Statement of Advice, containing information about advice provided to you; and
- A Product Disclosure Statement, which provides information about products recommended to you.

The Financial Planning Process

Every client's need and objectives are unique; therefore IWM develops an investment plan that is tailored especially for each client and attempts to meet individual client goals and objectives. Strategies implemented will be within the risk parameters you have previously outlined to us.

When the plan is complete it will be formally presented to you, and will outline any recommended strategies and explain how they will assist in meeting your short and long term goals and objectives. The plan will also clarify any significant risks of investment strategies recommended, and include information concerning any fees, commissions and other benefits your financial adviser may receive for implementing the investments.

Once you agree to proceed with the recommendations made in the plan, your financial adviser will assist you with the completion of all necessary documentation and the purchase of investments. The investment details will then be entered into the IWM database to enable us to review the progress of your portfolio.

Before You Get Our Advice

Your Financial Adviser

Your Financial Adviser is Sam Adigrati and his Australian and Investment's Commission (ASIC) representative number is 253296.

QUALIFICATIONS AND EXPERIENCE:

- 20 years' experience in the Financial Services Industry
- 15 years providing Financial Planning advice
- Bachelor of Accounting
- Post Grad Diploma Financial Planning FINSIA CFP SSA

Sam specialises in providing personalised financial planning advice on a holistic basis, focusing in the areas of wealth accumulation, investment advice, superannuation, gearing, retirement planning and cash flow management.

Sam Adigrati is an Authorised Representative of CHPW Financial Pty Limited. If you do not wish to receive our advice, we may still need to deal on your behalf by carrying out any your instructions. If you do not obtain advice, you face the risk that the Financial Product(s) you select will not fully take into account your objectives, financial situation or needs.

Scope of our Authority and Advice

Sam Adigrati is authorized by CHPW to provide financial planning advice. IWM provides advice on unit trust products, managed investments, debentures, superannuation, securities and insurance products.

Products Our Advice Relates To

- Deposit and payment products, limited to:
- Basic deposit products
- Deposit products other than basic deposit products
- Debentures, stocks or bonds issued or proposed to be issued by a government
- Life products including:
- Investment life insurance products
- Life risk insurance products
- Interests in managed investment schemes including:
- Investor directed portfolio services
- Retirement savings accounts ('RSA')
- Securities
- Superannuation, and
- Margin Lending

Any investment is only recommended to you, after considering its suitability to your individual investment objectives, financial situation and needs.

IWM offers both personal and general advisory services.

A Portfolio Monitoring Service, comprising a review of your portfolio, can be arranged as part of the financial planning service.

How To Pay For The Services Provided

The fee structure will vary depending on the advice provided: you may pay a standard fee, or we might receive a payment called commission, which is paid to us by the issuer of the financial product provided.

You will receive a Statement of Advice (SoA) containing details of our fees and any payments made to us by financial product issuers.

How We Calculate Fees, Remuneration, Commissions Or Other Benefits Received

You can also choose to pay an hourly rate of \$330, inclusive of GST, and a quote will be provided as to how much time will be involved in a particular job.

Alternatively, a fee or commission is charged which is payable from the money you invest. This commission ranges from 0 to 4% as an initial payment and 0% to 1% as a regular fee paid yearly.

IWM can provide ongoing administration and advice services to ensure the strategy and products they recommend continue to meet your needs and circumstances. If you choose to receive ongoing services, you may be charged a fee based on the scope of the services you receive and/or the value of your account balance (or insurance premiums). Sam Adigrati will agree the amount of the fee with you and record it in your SoA.

These initial and ongoing fees are drawn from your investments and paid by the Fund Managers you invest in to CHPW. CHPW then splits this revenue with Sam Adigrati and IWM on the following basis:

1. Gross commission is received,
2. Business operating expenses are paid out, and
3. The net profit is allocated to Domenic Barba.

IWM and your financial adviser may also receive additional benefits, such as help with marketing expenses, complimentary or subsidised attendance at conferences, and other rewards such as gift vouchers, tickets to sporting events and invitations to social events.

Benefits greater than \$300 in value are recorded in a Register, which meets the requirements of the Financial Planning Association (FPA) Code of Practice on alternative forms of remuneration.

How Relationships And Associations Affect Our Financial Services

Given that most managed funds pay a similar amount of commission, we don't believe we have relationships or associations which influence us. It is an issue we monitor constantly and we will inform you immediately; should we feel a relationship or association will begin to influence our advice to you.

Professional Indemnity (PI) Insurance Cover

CHPW Financial has arrangements in place to maintain adequate compensation arrangements including professional indemnity insurance as required by the Corporations Act. This insurance provides cover for claims made against CHPW Financial and its representatives/employees including claims in relation to the conduct of representatives/employees who no longer work for CHPW Financial but who did so at the time of the relevant conduct.

IWM is covered by the professional indemnity insurance that has been secured by CHPW for its Authorised Representatives.

Receiving Our Advice

When You Should Receive Your Statement Of Advice

Your Financial Adviser may meet with you several times to discuss possible investment options before finalising their recommendations.

Any general discussions should not be considered as advice and you should not rely solely on information given to you in discussions - you should only rely on advice documented to you in a Statement of Advice (SoA) and explained to you by your Financial Adviser.

You should take the time to read and understand all Statements of Advice given to you, before signing or acting on them. In some circumstances, you may not receive a SoA, for example:

- General advice – such as advice provided in seminars and through newsletters will not have considered your personal circumstances and will not be documented in a SoA.
- Further advice - where you have previously received advice documented in a SoA, any further advice which is not significantly different to the initial advice, will be recorded in a Record of Advice which you can request from your financial adviser.

Tailoring Our Advice To Your Needs And Financial Situation

Our advice will be tailored so it is suitable for your needs and financial situation, but in order to do so IWM needs to find out your individual objectives, financial situation and needs before we recommend any financial products or services to you.

You have the right not to divulge this information to us, if you do not wish to do so.

Important warning: You may decide to limit the scope of the advice provided by IWM, if you only want advice on specific areas or because you want to reduce the cost of receiving advice. If you do this you should understand that your Financial Adviser will not consider your full needs, objectives and circumstances when making recommendations.

Understanding The Risks Of Products And Strategies We Recommend

We will explain to you any significant risks of financial products and strategies which we recommend to you. If we do not do so, you should ask us to explain these risks to you.

Instructing Us To Act On Your Behalf

You may provide instructions as to the management of your financial products. Please see our contact details page for details of how to get in touch.

Other Services Provided

Your financial adviser may provide services other than financial planning services. For example, they may also act as your business adviser or finance broker. Whilst your adviser may provide these services, you should understand that they are not provided under the license held by IWN and subsequently CHPW.
